PRESIDENTIAL-FUND CHECK-OFF

The Presidential Campaign election Fund was created to reduce candidate's reliance on large contributions from individuals and private groups. Millions of Americans are not answering the first question on the income tax form: Do you want \$1 to go to the Presidential Election Campaign. Currently, 80% of taxpayers are answering negatively or not answering at all. If this continues, the fund will run out of money and not be able to fully finance the 1992 Presidential election. IF taxpayers answer yes or no to the question, they do not change their tax or reduce their refund. It's merely an opportunity to tell the government if they want one dollar of their tax to go to public financing of presidential elections.

NASA/Find Fish

Image processing software called EIAS developed at NASA's Stennis Center is now being used to manage and preserve fish populations in the gulf of Mexico. By applying ELAS to a standard NOAA satellite view, researchers at the national Marine Fisheries can predict where certain species of fish should be on a given day. This capability is a much needed tool for evaluating fish populations in the gulf and setting critical catch limits. And by reducing search times, it can also save the fishermen thousands of dollars in fuel costs..wavings which could in turn be passed on to the consumers.

NASA/IMPROVING MAPPING SYSTEM

Researchers at the Ohio State University Center for Mapping, one of NASA's 16 centers for the commercial development of space, have outfitted a Ford van with specially designed equipment that uses satellite positioning signals to create highly accurate, up-to-date street maps. Also included as part of the system are stereo-digital-video cameras that provide a visual record of road conditions. The potential applications of the technology are far ranging with the initial goals of the project to give government agencies more comprehensive information with which to manage and maintain the nation's highways.

8. PET CARE

IN YOUR INTEREST

FLEAS

In this four-part series Dr. Gordon Cunningham, Salem Veterinarian, discusses the time of the year that fleas are extremely prevalent. To get rid of the fleas three stems must be taken: treat your pet, your house, and your yard.
